

DO NOT Believe Negative ATTACK ADS

Recently there have been mailings and 'robo' calls from 'Classic PAC' attacking Doug Whitsett for State Senator as well as Tom Mallams for Klamath County Commissioner.

You might wonder who is in 'Classic PAC'?

Where do they get their money?

What some of their connections are?

The public information at right, gathered from Oregon Secretary of State Election site, answers these questions. 

We assure you, these attacks are not for altruistic reasons for the betterment of Rural Oregon.

Do not just buy into the negative attacks from 'Classic PAC'. Follow the money and you will find radical environmental groups - you know the kind - the people who put owls, frogs, fish and obscure species ahead of people.

These people are getting tax money to sell their water/idle land or stand to make a lot of money through the Klamath Basin Restoration Agreement Agencies.

These people **do not** want anyone or anything standing in the way of their personal agendas.

Doug Whitsett has an outstanding record of defending Rural Oregon and is not beholden to special interests. Gail Whitsett knows her way around the legislature as Doug's Chief of Staff and will be an effective Representative from day one.

Tom Mallams has been working tirelessly for a fair deal for the Klamath Basin and knows when to bow his neck and say "**No**" rather than 'compromising' away from the Klamath Basin to a few special interest groups.

All are Conservatives who believe in adherence to the U.S. Constitution, Fiscal Responsibility and Smaller Government.
